PRODUCT

60" Tool Storage Cabinet

DESCRIPTION

Cabinet is constructed of solid maple and maple veneer. The interior on the upper half, including the doors, is lined with 1/4" pegboard. The lower half has one fixed and two adjustable 1" plywood shelves. Both sets of doors include locks. The cabinet can be ordered with or without tools—they are designed for a variety of tool combinations and with tools for a specific use. Three sizes of totes are also available and sold separately. Overall size: 60"W x 22"D x 84"H
