Robot Compartment Storage

This mobile robotics storage cabinet offers storage for six competition size robots. This maple plywood storage cabinet provides six separate storage compartments. Each of the six compartments has a fixed shelf which holds up to an 18" square robot. The solid doors are outfitted with a secure 3 point locking handle. This cabinet is constructed with a 1" thick bottom for security and durability. The mobile robotics storage cabinet moves easily on 4" heavy-duty locking casters. The cabinet can be ordered with or without the Vex Logo on the door. Robots are not included with the cabinets.
