## LONG TAPES CLOSED CASE STEEL

### ST-3X & ST-Y SERIES

This Steel Tape (ST\_3X and ST\_Y) series is great for those who need a longer tape but like the blade protection that a closed case offers. They slip easily into a pocket, purse, tool pouch or tool belt. The ST\_Y versions come with a belt clip. The cases are protected by an impact reducing rubber grip that makes it easier to hang on to them.

#### FEATURES

- Nylon-coated blade for superior durability and rust resistance.
- 3X gearing for quick rewind (part numbers that end in 3X).
- High-impact resistant case with full-rubber, non-slip grip.
- Ideal for real estate agents, general surveying, civil engineering, building construction, highway and road construction, home building, mining, etc.
- 3/8-inch wide blade – bends easily but not affected by wind like wider tapes.

Limited lifetime warranty.

### ST SERIES

Our standard Steel Tape (ST) series tapes come in the industry's most durable metal housing. These long, steel tapes have a compact, closed, metal case that fits nicely in your hand. The flush-folding crank pops up for easy rewinding. If you're measuring alone, the metal catch hook is set at zero, so there's no need for a correction. The graduations are painted black on a durable, bright-yellow steel blade.

#### FEATURES

- Closed, metal housing protects the tape.
- Compact, fits easily into briefcase or even a pocket.
- Rewind handle folds flush.

Limited lifetime warranty.
